\*Please remember, our number one priority is getting our pups/dogs in loving homes. If you are at all hesitant, or do not think you can provide our dogs with such homes, please don't adopt from us. We put a lot of time, money, and love into each one of our rescues and we only want to give them what they deserve, which is a loving and forever home.

\*Also remember when adopting a PUPPY:

Puppies cry, they need potty trained, they need patience, they need attention, they need time, and most importantly they need love. They are PUPPIES, so please remember that when signing on to adopt from us. You must be invested and be willing to give a puppy what it needs!
